13	14	15	16	17	18	19
20	21	22	23 Bald eagle chicks will hatch sometime this month!	24	25	26 Because of the odd weather this year, spring is going to come early. Look for flowers blooming, and dead skunks on the road.
27	28 Vernal pools are places that become temporary ponds when the snow melts. They are havens to the amphibians, bugs and many others! Try to find one.	29	30	31	01 Some animals get winter coats on in the fall and keep them till spring. Do you know of any in your area?	02
